

## Open Space @ Metropolitan Solutions

The startup community holds enormous potential for current and future urban development projects. But anyone who is interested in transforming our cities needs more than just a good idea and the courage to implement it. At the special **Open Space** display you can guarantee yourself the leads and the attention your young enterprise needs to take off.

We can offer you display space and workstation at a reasonable rate, allowing you to create your own individual showcase for your company within the Open Space pavilion. Whether it's a screen presentation, an exhibit or an urban backdrop – you are free to present whatever helps enhance your product or service.

We look forward to having you and your fresh ideas on board for the benefit of Metropolitan Solutions and your own business success. There is only one prerequisite to qualify for these special conditions: Your company can only have been on the market for less than five years

### Startup package

- Lockable counter with 1 barstool
- Carpeting
- Logo
- Power socket, cleaning service and waste disposal
- 2 exhibitor passes (for admission to a majority of the conferences)
